

ATHENAEUM

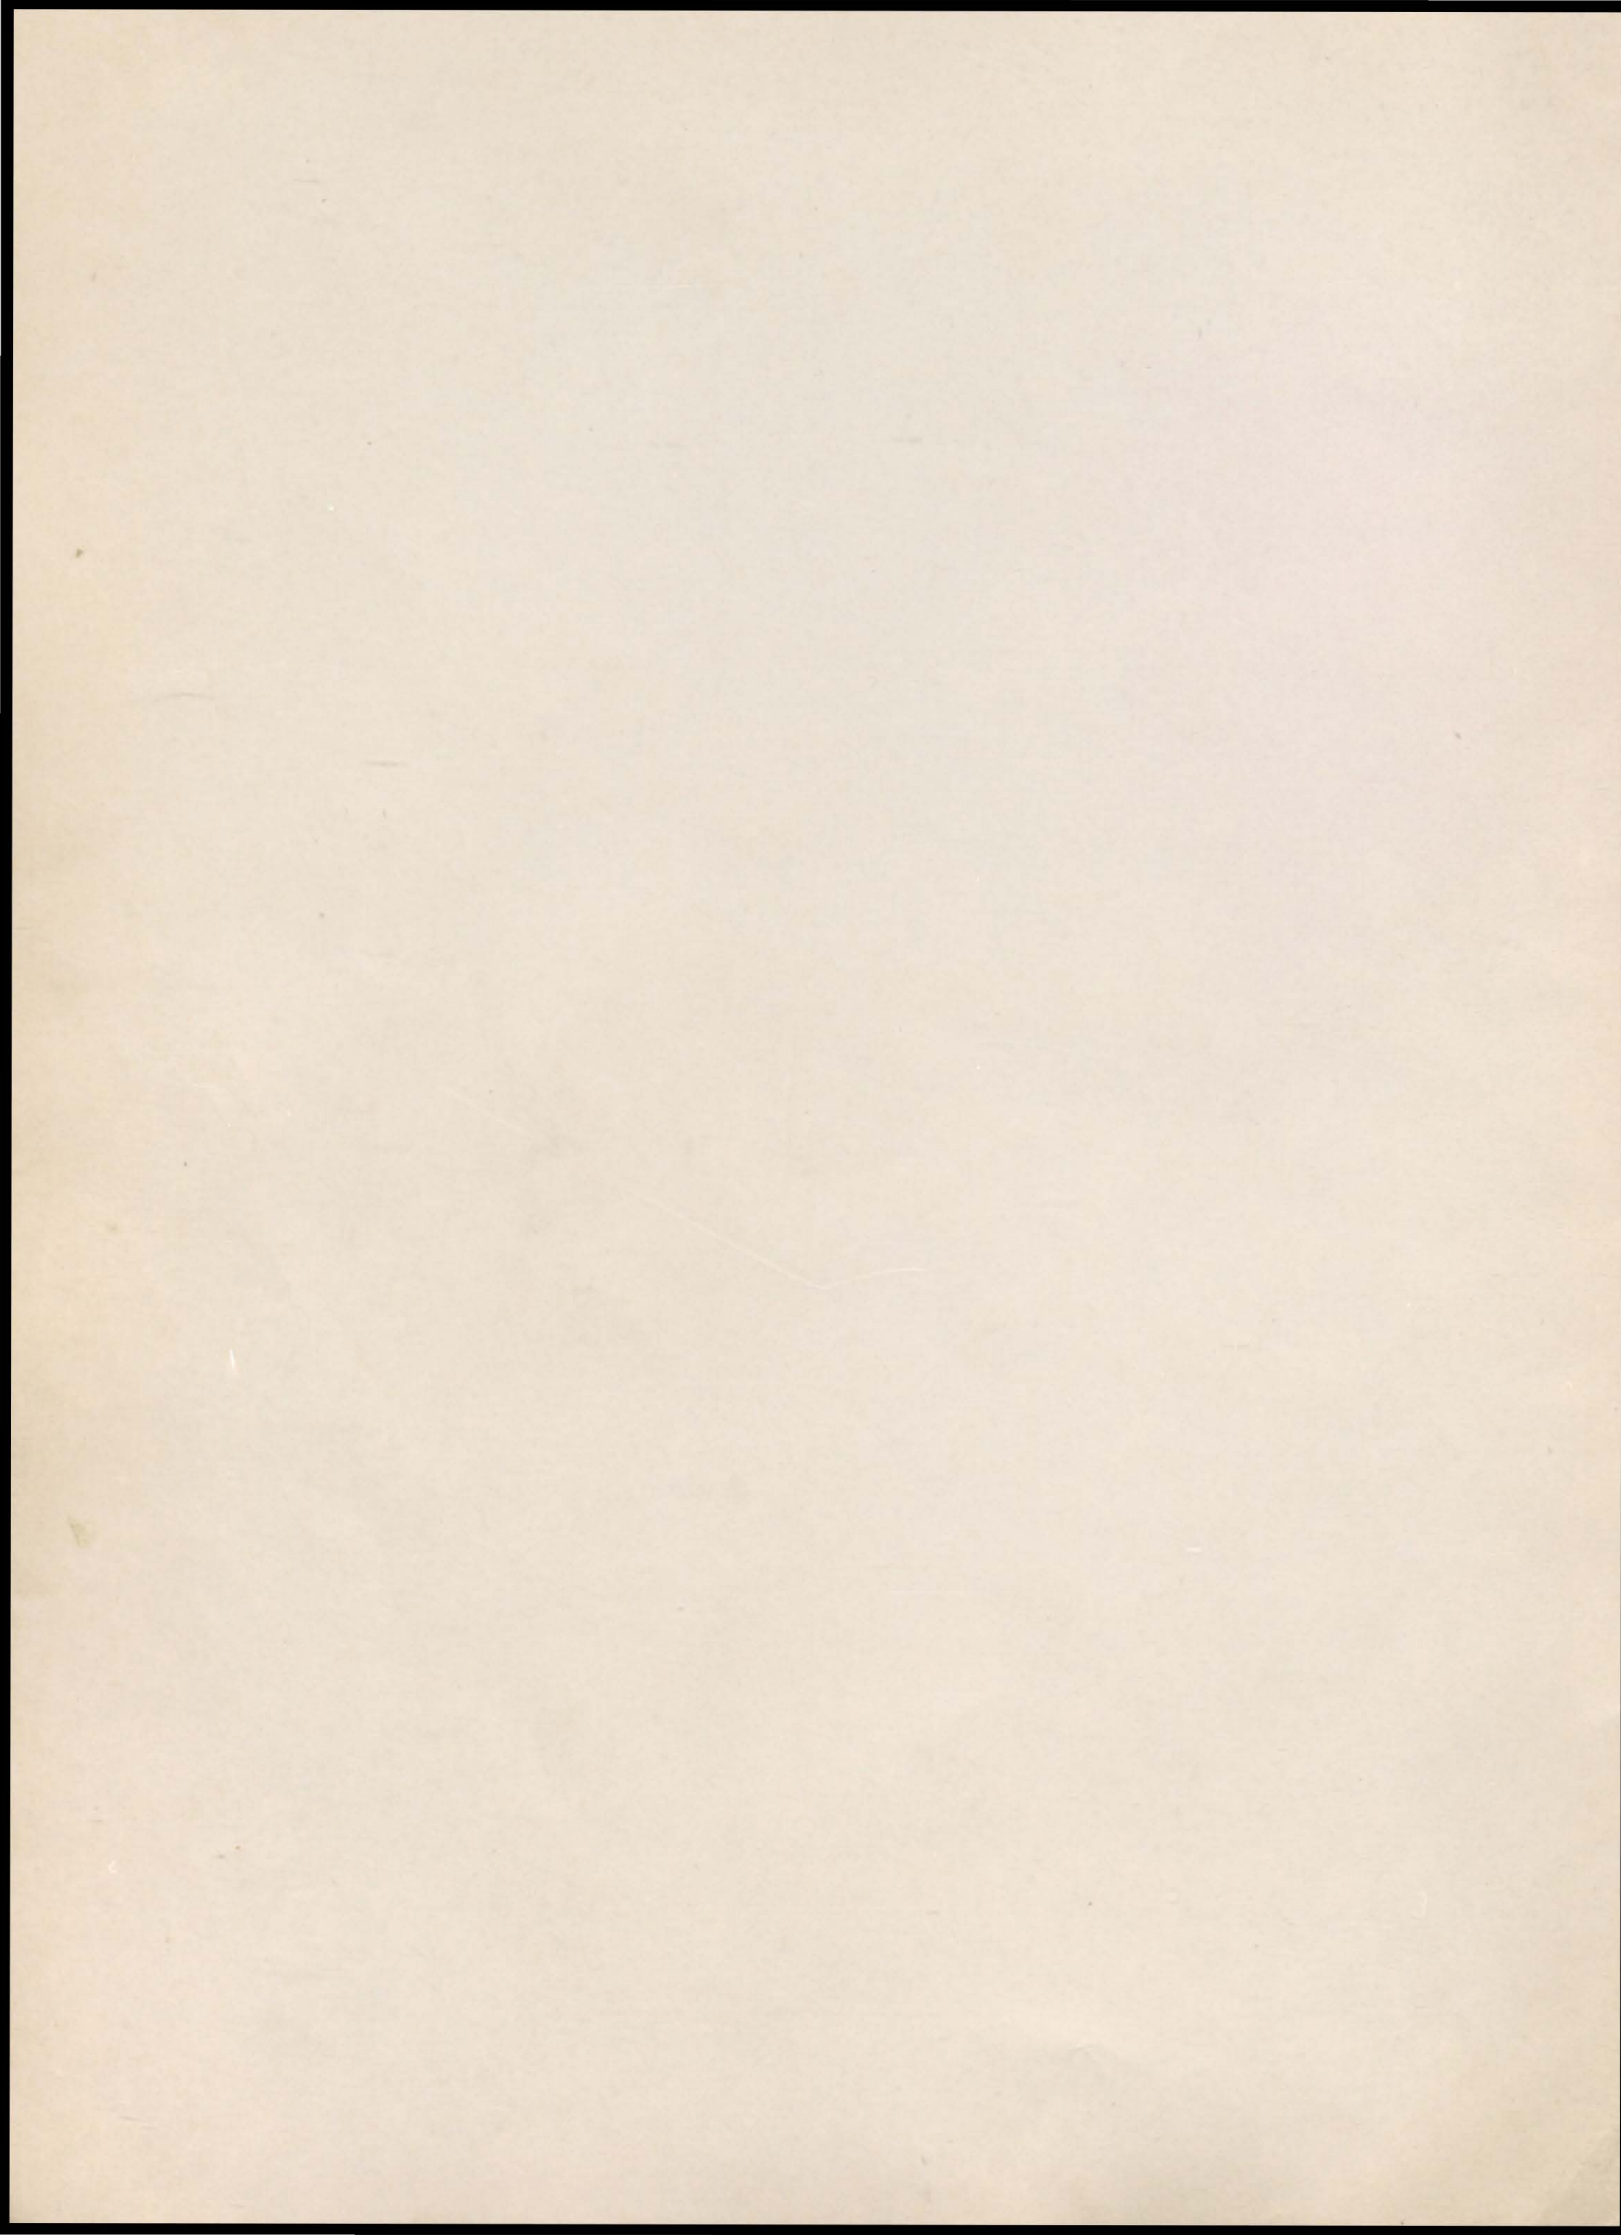

JUNE 1948

THE ATHENAEUM

DEDICATED to
the community which has
reared us and to which
we now return as citizens,
to our parents who have
endowed us with a native
ability and a healthy body,
and to our school which
has molded and developed
these potentialities.

Alma Mater

By Junius W. Stevens—1924

*Over many a city old,
Famed in song and story
Temple gray and castle hold
Catch the sunset glory.
So our Alma Mater proud
Looks o'er vale and meadow,
High between the sailing cloud
And its drifting shadow.*

*For her colors, first the blue
Of the April valley;
Then December's wintry hue
When the storm winds rally.
Newark High, thy fame we raise,
Many voices blending;
Through the years we pledge
Thee praise,
Loyal to life's ending.*

Editorial

IN dedicating the Atheneum to the community we wish to express our full appreciation of the part it has played in our development. It has been truthfully said that youth takes its greatest strides toward adulthood in those years spent in high school. We can be grateful to have had those steps guided by a community such as ours.

Fundamentally, our homes have been safe and wholesome. They have provided us with the love, understanding, and security so necessary to youth. Our parents have encouraged us in our ambitions and have guided us through what we considered our darkest hours. Under their watchful eyes we have learned to discern right from wrong; to admire certain characteristics of man, and to disapprove of others.

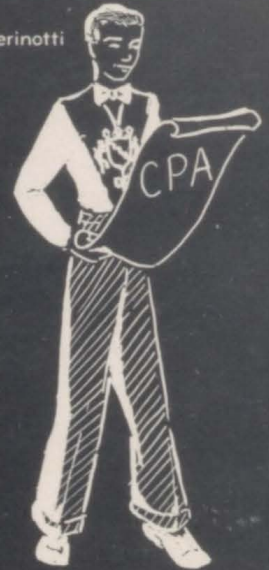

Through our school associations we have gradually developed a more mature point of view. Our study of the Liberal and Fine Arts, the Humanities, and the Sciences has made us more familiar with our inheritance of the past. Beyond that we have been schooled in the fundamentals of active citizenship. Continually mingling with people of our own age and with those who have experienced more years of life and of successful leadership, we have learned the all important lesson of getting along with our fellow man.

This lesson has been further instilled in us by our church organizations, our youth groups, and our athletic teams. Through them we have acquired a vivid recognition and appreciation of world understanding, of the daily necessity of cooperative living, of the rich contributions of all peoples, and the increasing interdependence of races.

Now, we must assume the great responsibility of citizenship. We trust that, armored with the skills gained from our education and our heritage of democracy, we will be capable of taking our places in this changing world.

Remember?

1944-1945

SEPTEMBER 9. The first day in Barringer, never to be forgotten—four years of fun had started, perhaps some work, too. We sure were susceptible to buying tickets either to sit in the lunchroom or for the "Pink Elevator". Never did get around to using them • **SEPTEMBER 24.** Will never understand why room 75 is on the third floor of one building and 70 on the second of the other, or, to get to 73, one goes through the girls' gym and up a winding staircase • **OCTOBER 18.** Cheer, all cheer for Barringer—yes, football season and our first game. We sure did cheer at those games; didn't mind sore throats the next day either • **OCTOBER 24.** After some of the excitement of being freshmen had worn off, we set about joining clubs and activities. Each of our six homerooms elected Student Council Representatives and War Stamp Salesmen. The new freshmen were really getting established • **DECEMBER 18.** A startling discovery had been made—The Adams Theater. "While Nero Fiddled" was the feature—Jack Benny was very funny. Educational too—all about the burning of Rome • **JANUARY 26.** Exams! Gosh, were they hard! Even Mr. Hartman's Algebra classes began to call him "Mr. Hardman". There is a man with a live appreciation of curves and angles—or so he tells us • **APRIL 6.** "Olde Faithful" is said to be in Colorado but we have our own version—in miniature. Those water fountains have a bad habit but a good aim • **JUNE 30.** School's over! Vacation time! "No more pencils, no more books"—our cry. We were now Sophomores with two months of fun ahead.

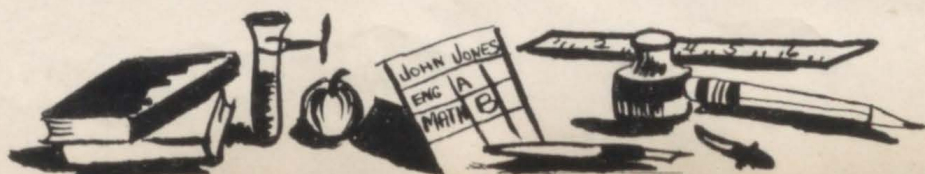

1945-1946

SEPTEMBER 11. School was in session again. Never saw two months go by so quickly. New clubs caught our eye, some of the "gals" caught the fellows' eyes, and school was welcomed with a wink • **OCTOBER 26.** Teachers became part of our talk; some teachers became associated with special things: Mr. Snively—"Zero for today", Miss Weiss—A tapping pencil, Mr. Finelli—A moustache, Mrs. Cipolette—Good advice, Miss Rine—"Cows chew, do you?" Mr. Seidler—Smiles and vertical angles • **NOVEMBER 7.** Foot-season was here again—Wendy Berry, our star. Copped the City Championship right

out from under East Side's nose, we did! That East Side game is one nobody will forget. Trimmed East Orange in the traditional game too—nice way to end the season • **JANUARY 6.** Biology Laboratory, oh, what fun! Between dissected frogs and smelly fish-heads, we managed to enjoy ourselves. Mrs. Everall never did find out where those grasshoppers disappeared to, did she? Wonder if Ed Kiley might know • **APRIL 13.** Migration time again—to the park, forward march! The lake looked so inviting that a few of us tried it—fully clothed. That was one of the ways in which we could be late and have a good reason • **MAY 9.** What's that old saying?—"Like Molasses in Winter". THAT was one thing we changed. From this day forth it is—"Like Sophomores in Spring" • **MAY 18.** That great day that changed the world's history, V. E. Day. In answer to many prayers and hopes the war was at least partly over. School remained in session but that says nothing for the kids. What a celebration—throwing paper from the windows and doing little or no work. Disappointed in not having a week's vacation but still happy the war was almost over • **JUNE 23.** Out of school again. This vacation we spent a little differently from last year—we worked. Enjoyed ourselves at any rate.

1946-1947

SEPTEMBER 13. Returned the girls with deeper tans, the fellows with deeper voices. Welcomed back with a gift from the state—an extra year of history. Mr. Celiano always said he received the bad end of that deal in his eighth period class in 33 • **OCTOBER 24.** Paint cans and scaffolds plus a closed assemble equals a paint job. Color scheme: pink plus grey equals a lovely nursery. Dubbed by the Lordly Juniors—"Ye Olde Rainbow Room" • **NOVEMBER 10.** Team, team—guess what? Of course, Football. A good season except for two things—Central beat us for the first time in years and we lost the 50th Anniversary Game to East Orange, but we smiled and said, "Well, we're still two games ahead." • **JANUARY 13.** Miss Foley's English Class, the seventh period—was the Bulletin Board Project. That project was hard work but well worth it. Show place of the school, that was! Could expect nothing else—the Juniors, you know • **JAN-**

Remember?

JANUARY 20. "Two times two equals the square root of two—Gross leave the room!" That man from 42 was here and so was Algebra 3. New invention through necessity—gyp slips • **MARCH 26.** "Tomorrow, tomorrow and tomorrow, Creeps on this petty pace from day to day"—Macbeth. What's next? "And all our yesterdays have lighted fools—The way to dusty death." Gosh, as if Shakespeare wasn't hard enough to understand, we had to memorize it too. Oh, well, now we can quote it in our old age • **APRIL 2.** Now, at last, the great event was beginning. We were permitted to act as a class. Advisers were appointed and we had a class meeting—and oh, what a meeting! Lucky it was cool outside—we had to go cool off somewhere • **MAY 16.** "Vote for number 3 and number 5, they're the nicest. How'd you like the one in all gold?" What were we all agog about? Our rings, of course. They are bee-u-tiful but then we're slightly prejudiced, you know • **JUNE 26.** The Junior Jaunt to Lake Hopatcong was a preview of summer fun. Why, oh why was it so dark in "Ye Olde Mill"? How about that, fellows?

1947-1948

SEPTEMBER 9. We made it—now we were Seniors. Never thought we'd see the day. They say this is the easiest year of all. Well, we think they might be wrong • **OCTOBER 3.** 4B Class Elections—results were excellent. Bill, Fran, Vinnie and Connie came out on top. We had a good class, good officers, good advisers and loads of plans—so how could we miss? • **OCTOBER 19.** The rings arrived—lacked only one thing—the money to pay for them. Lovely rings, just like college ones. Did our right hand know what to do with them? We used the next few weeks to plan for the use of the rings. The Witches' Whirl—was a dance—there was a huge profit made from it. We used the money to pay for the rings. The Witches' Whirl—was a dance—there was a huge profit made from it. We used the money to pay for the rings.

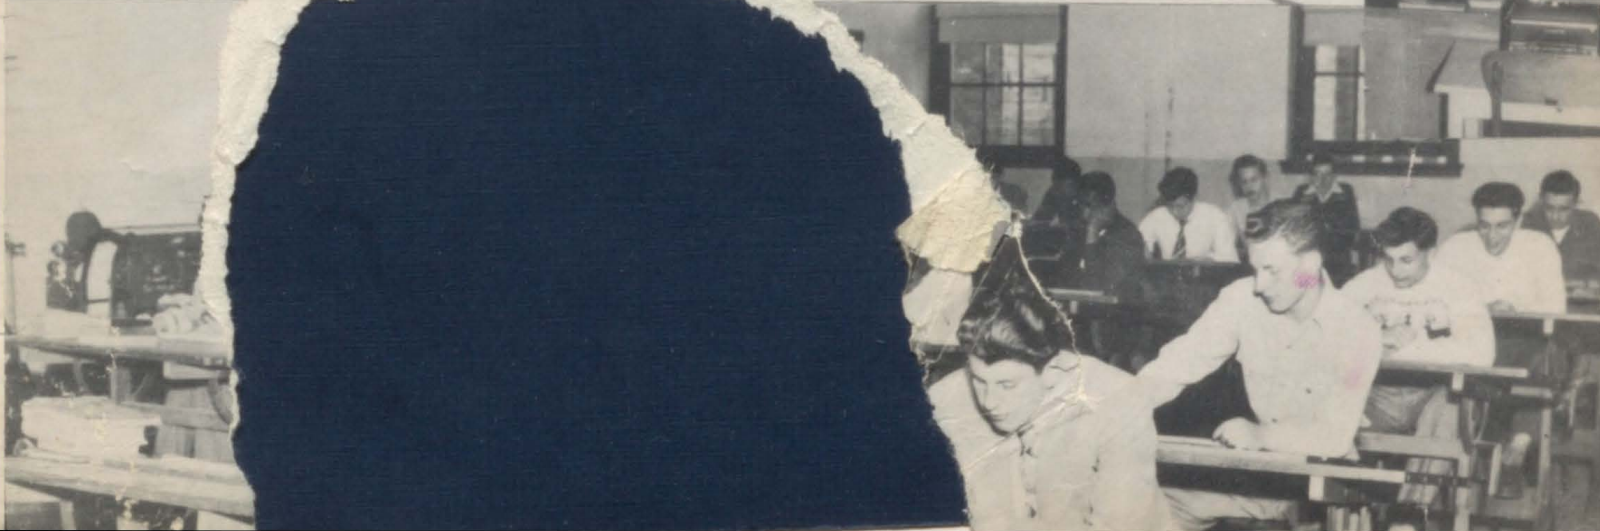

BER 18. "Dues, dues, how can you do anything if you don't have the money? Pay up those dues!"—Mr. Sauer. Funny how broke we always seem to be—no wonder seniors are always selling things • **DECEMBER 26.** "No, no! Too spotty! The line is bad. We want this different! Try it again. Has that proof come in yet?" said Mrs. Shirley and the Yearbook staff were at it. Room 97, the hub of the project, alive with activity and crowded with people who "just wondered what was going on." The "new look" for Yearbooks had set in • **MARCH 12.** Nice of the Park Commission to delay collecting those broken branches. Why? Add some green leaves and some paper flowers and "zip"—decorations for "Spring Nocturne" are done, and you're then a member of "Club 98" • **APRIL 16.** Spring Nocturne was here. The name of our dance was nice, the decorations lovely, and the crowd large, making the dance a big success. Yet most of the Seniors had a hazy look in their eyes. Spring fever? No, the future was in their minds. Only two months—to the very day—loomed graduation • **MAY 14.** Measurements for caps and gowns, complete with our first chill at the thought of parting. Graduation only a few weeks away. Heavens, four years have passed quickly • **MAY 15-JUNE 1.** The "Prom", the all consuming question. Will we or won't we have one? Where will it be? How much? Who will get a bid? Can we come "formal?"—were all problems of the moment. There was no question, however, that it would be the biggest, liveliest and greatest "prom" in the history of our class • **JUNE 4.** Senior Day and did we enjoy it! It was our time to be silly and that we were. The Assembly program was side-splitting and some of the pranks even worse. What a big day that was, with plenty of fun, laughter, and much to remember • **JUNE 11.** The Assembly with many prizes and sur- prizes solemnized by the traditional "Senior Cap" of the 4B Class. The cap and diploma were bestowed upon the ranking senior and we had given up forever for undergraduates in Barringer • **JUNE 16.** The last day—and, on June 16, 1948, marched into the Assembly, we realized that our senior year would soon be put to test. We uphold the values of Senior Light?

STATION WBHS REOPENS Broadcasting Time Enlarged

James Walker, president of the station, announced that WBHS will give the listener more than any other station. Sixty-five minutes of broadcasting time will be aired each hour. This has been made possible through the tireless research of Herr Dr. Gerald Von Gross, the noted German physicist.

From the Vermillion Room Sylvia Diorio, platter spinner, will play a canned scop of exhilarating dance music featuring Millicent Close and Muriel Cross, singers of the "Blues".—"Just Plain Matilda" is a heartwrenching saga depicting a middle aged woman doctor who wants to practice medicine and have a husband too.

CLASS REUNITES

Many classes grow apart, but this is not true of the spectacular Class of June, 1948. Next Wednesday, they will reunite in the penthouse auditorium of the new Barringer High to revive old friendships and recall memories, now many years old.

What a surprise will greet them! Since their departure several decades ago, a metamorphosis has taken place. No longer does Barringer have a look of despair. The weary building has been replaced by a modernistic building made of transparent glass brick. For a radius of one mile, wide conveyor belts continuously bring students to and from the school. The faculty operates hot-dog stands in blue and white huts which are mounted on the belts. In this way students may have their refreshments and still not be late. There are special classrooms known as "diner rooms" and "smoking rooms." Pullman service has also been installed.

The school gym facilities have been greatly enlarged and now feature a swimming pool which is large enough to be transformed into a football field in the winter. The pool boasts a beach which has white sand imported from Miami. Some of the more enterprising teachers "hawk" such items as ice cream, bubble gum, soda, and potato chips, in order to make spending money. When necessary, basketball, handball, and tennis courts—not to mention a baseball diamond—are rolled onto the floor of the pool. Yes, the fondest hopes and dreams of the students of 1948 have been realized.

The Barringer cheering squad of 1947-1948 was composed of eight boys and eight girls • Captained by **ANTHONY VILLANE**, this group of enthusiasts, known in some quarters as the "Rah-Rah Kids", led Barringer's followers in numerous war chants and victory songs at football and basketball games. The cheering squad was the biggest and best balanced in the city and made a very fine impression at the head of the high school section of the city parades.

BASKETBALL

After 26 years without basketball, Barringer finally got back into the sport in 1945. They entered the city league in '46 and played exceptionally well • This year Barringer repeated its fine performance. The Blue reached the quarter finals of the Essex County tournament before being edged out by a championship Belleville quintet • Pacing the attack were seniors **JOHN CONTE** and **GEORGE PAROZZO**. In 1945, when the team was organized, Conte started his basketball career at Barringer. Since then, with his fancy floorwork and fine defensive play, he

has become an outstanding performer • **GEORGE PAROZZO**, improving steadily over the last two seasons, proved to be a most valuable player. Besides his steady work under the backboards, George also contributed generously to the scoring column • Another prominent member of the senior class who played on Barringer's court is **PAUL BRAXTON**. Paul's basketball career was interrupted when he was called into the armed services, but we still remember him as a fine ball player and a key man on the Barringer team of '45.

WHO'S GOT THE BALL?

BASEBALL

Joe

Greatly weakened by the loss from the 1947 squad, Barringer's to improve its fair record of last season playing its third year under the leadership of Nerenberg and is trying to make this year a success.

• **GENE DEL VECCHIA**, a member of the 1947 team, has been on the baseball team since he was 15. He is again at his shortstop position. He is doing fine work in the field.

FENCING

"MATTY" GALLO

The Barringer High School 1948 fencing team, backboneed by the directing of Mr. Sibilis and the excellent coaching of Rudy Salvato and Ralph Tedeschi, upheld the old Barringer tradition of having a top rate squad. Overcoming a pronounced lack of experience, the team succeeded in not only capturing second place in the state meet, but also managed to secure this position in the National Interscholastic Fencing Tournament. The Blue squad was sparked by the fine fencing of Captain Anthony Caruso and Anthony Villane, both members of the senior class • **ANTHONY CARUSO** started his fencing career as a freshman. Advancing steadily, Tony became captain in his senior year and placed second as an individual in the state fencing meet • **ANTHONY VILLANE** overcame a lack of arm reach with skill and deftness to become a key man on the Barringer squad. He started fencing in his junior year and earned his major letter in one season • **MATHEW GALLO** earned major letters in both his sophomore and junior year. "Matty" fenced for Barringer from 1944 to 1947.

After only a mediocre cross-country season, Barringer's track team got off to a fast start with Mr. Anthony Naporano taking over the coaching reins. This year the Big Blue hopes to regain the city crown and prestige which they had formerly held for nineteen consecutive years, before being ousted in 1945 by a strong Weequahic team • The 1948 season has been scheduled to include many suburban and city league meets, with the state-wide meet at Rutgers Stadium, New Brunswick completing the season •

with one-half-mile course • **JOE GUARINO** proved himself an important member of the team as a 220-yard low hurdler. His willingness to cooperate has earned him the respect of coach and teammates alike • The true Barringer spirit of **HAROLD RONAN** helped to make him a fine sprinter in his high school career. Despite injuries sustained last year, Harold has high hopes of winning some laurels for the Blue this year • **ERNIE THOMPSON** has also distinguished himself with his fine work in track and field events • **JERRY GROSS**, a member of the track team since his sophomore year, earned his major letter as track and cross-country manager during the 1947-1948 season.

Jerry Gross (Manager),
Harold Ronan, Ernie Thompson, Joe Guarino.

GIRLS' ATHLETICS

The girls have very little opportunity to earn their letter except as service girls and in gym. The members of this group of Seniors have earned their letters and the name of "B" girls.

Back Row: Marianne Julian, Doris Carter, Delores Burt, Rose Julian, Gerd Hagland, Mary Cordasco, Mena Bellino, Margaret Holmes.

Front Row: Sylvia Surde, Marie Bergamo, Sarah Belverio, Connie Romano, Jackie Polinko, Cynthia Morelli, Anna La Capra, Barbara Avery, Edith Bates.

STALL BARS

TO prove that girls are just as athletic as boys, a group of senior girls demonstrate their ability on the Stall Bars.

Barringer girls are going all out for sports. The one in which most are interested is Basketball. This action shot is of Dolores Briante and Mary Cordasco of the Senior Team.

FOOTBALL

The Barringer football team of 1947 was not comparable to the great teams of past years but all of its games were marked with fine sportsmanship and spirit • The team, many times during the season, showed that they were better than the record implied, especially in such thrilling encounters as the 12-6 win over West Orange. In Belleville the Blue rallied too late, only to lose 20-13. In the 51st annual game with highly favored East Orange, Barringer held them to only twelve points but failed to score themselves • There were seven seniors representing Barringer on the gridiron. **TOM SHORT**, captain of the team, and **ERNIE THOMPSON** proved their value in countless gains "through the middle" and "around end". Both were fast charging, hard hitting backs • **GEORGE PAROZZO** and **ALLEN THOMPSON**, each over six feet and over 200 pounds, were the "Big Boys" of the Blue line. At their respective tackle positions George and Allen helped bolster down the forward guard • Flanking the line at one end, **PAT CLARK** proved himself a capable pass receiver as well as a fine defensive player • **MIKE CARDINALE**, quarterback, with his sharp passing and smooth ball handling, was a valuable part of the Barringer T-formation • Big **JOHN HOLMES**, another senior, showed that he was a very capable performer on the Blue line.

The Class Speaks

Although our days in Barringer are numbered we have made no will for we believe we have little to leave in comparison to what we are taking with us. No remuneration, whether real or imaginary, which we might make, could possibly be adequate.

A sincere "thank you" to all who have helped to make our achievements possible, best expresses our gratitude. Our most sincere hope is that we have not passed through these halls in vain and that we may live long in the hearts of our fellow students and forever in the history of Barringer.
